

# 2DAYS MOOD IS LOOKING FOR A BUSINESS ADMINISTRATION INTERN!

## Hey, Business Administration student!

Do you love KPIs, connecting data and making predictions?  
We are offering you an exciting internship!

### ABOUT 2DAYS MOOD

We are a team of passionate professionals dedicated to contributing to a world in which organizations thrive through happy employees. We help organizations create effective teams and an engaging working climate to increase performance, strengthen market position and competitive advantage. Can you imagine a better place to work than a company specialized in employee engagement & happiness? Neither can we, so read on!

### REQUIREMENTS

Master student business administration,  
finance or economics  
Knowledge of:  
Management, Business, HR  
Solid SPSS skills  
Analytical thinking  
Problem solving attitude  
Motivation and drive  
Team working skills  
Fluent in English  
Dutch language skills are a bonus

### THE JOB

Is there a difference between millennials and baby boomers in what engages them at work? Are new employees feeling more stressed than other employees? And what is the impact of mood on important key performance indicators in organizations?

If you are also fascinated by these questions, then we are looking for you! We gather many data with our online survey platform about employee mood and engagement and are currently expanding our tool to be able to analyze these data in relation to KPI's (e.g. turnover, retention, productivity), find correlations and make predictions. We are looking for a student that support us in this project. In addition to the project, the internship would contain doing research and writing blogs/articles about the relation between engagement, happiness and KPIs.

### MENTOR

This is Robin van der Meulen, she will be your mentor and provide you with guidance during your work for 2DAYS MOOD.
